The Challenge

CLIENT RATING

5.0

Overall Score

Quality: 5.0

Schedule: 5.0

Cost: 5.0

Would Refer: 5.0

The Approach

Describe the scope of work in detail. Please include a summary of key deliverables.

All Seattle Web Design came alongside us before our business was open and operational. They helped us develop our vision for our online presence and pinpoint some key components to bring this to life. In order to do this, they spent a significant amount of time getting to know us as people and our mission and vision as business owners.

All Seattle Web Design not only built our website, but guided us through understanding search engine optimization, using key words, our Google Business page and provided in depth training for how to modify and maintain our website and an active online presence.

The Outcome

Describe their project management. Did they deliver items on time? How did they respond to your needs?

Dwayn was readily available for all questions and ongoing support needs. He was responsive to email and requests for virtual meetings. Dwayn was very patient and kind in all interactions. He genuinely cares about his clients and demonstrates this care in every interaction.

What did you find most impressive or unique about this company?

The technical skill in web design and maintenance. Experience in automotive industry web presence. We're impressed with their effort to dedicate time and presence to meet our needs and develop a relationship.

Are there any areas for improvement or something All Seattle Web Design could have done differently?

N/A
